The materials needed to build a Habitat house cost \$65,000. Every cent of a sponsorship goes towards the purchase of "bricks and sticks" to build the house. There are many ways we can develop a sponsorship that is right for your organization; contact us to discover the best sponsorship opportunity for your team.

In Kind Sponsor **TBD**

An **In-Kind Sponsorship** is especially appealing to construction companies or other organizations that can make significant in-kind donations to Habitat of materials and/or services. Your organization provides the building materials, services, or other commodity that is needed by our affiliate, plus the labor to build; no cash is required, if all material is provided or there is equal value between services/commodities and building materials. Contact our office if an In-Kind sponsorship seems right for you.
